## ABOUT US

Forerstal La Reforma has deep roots in the history of México, having been founded in 1910. Since then, our company has been committed to serving the diverse needs of sectors that require wood, thus promoting economic development in the region.

Over the years, we have been integrating our mission to offer optimal service and the highest quality products. Each of our processes is designed to ensure we meet the standards required by our customers, who rely on our expertise to meet their needs.

The consolidation process of Forestal La Reforma implies a firm commitment to ensuring that our values prevail in all the entities where we operate. We strive to maintain integrity, responsibility, respect for the environment, and sustainability, which allows us to build strong and lasting relationships with our clients and the community

# MILLWORK PRIMER

Our Brand new state of the art Primer Finishing Line ensures:

- ✓ Uniform primer application for a smooth, ready-to-paint surface
- ✓ Fast-drying technology to accelerate production
- ✓ Seamless integration for a continuous, automated workflow

With a high-quality finish, your products are ready for painting, assembly, or direct use.

We offer a wide variety of standard and custom made profiles, from decorative trims to structural mouldings, our advanced technology guarantees flawless results every time.

Our integrated solution is designed for businesses that demand the best. Reduce labor costs, optimize material usage, and increase output—all while maintaining superior quality.

## Forestal La Reforma

**In addition to our standard millwork products, we specialize in custom-made profiles tailored to meet your specific design and performance requirements. Whether you need a unique molding, trim, or architectural detail, our team can craft high-quality, precision-milled components that bring your vision to life.**
